## RESIDENCE PERMIT APPLICATION FOR STUDY

This residence permit application is for you if you are coming to Finland to study at a Finnish educational institution where you have already been accepted as a student. The studies must be undergraduate studies, leading to a degree or vocational qualification. Applicable educational institutions include universities and universities of applied sciences, vocational education institutions and, in the case of exchange students, any of the above and upper secondary schools. In special cases, a residence permit for study may be issued for other studies than those described above.

Carefully fill in and sign the application. Incomplete information will delay the processing of the application and may lead to its rejection.

An application may be submitted to a Finnish diplomatic mission abroad or at a service point of the Finnish Immigration Service in Finland. A processing fee will be collected when the application is submitted, according to the Decree on charges. Read the instructions for filling in the form at [www.migri.fi](http://www.migri.fi) → English → Application forms. Clarifications that you need to append to your application are listed in Section F of this form.

I am applying for my first residence permit

an extended permit

### Population registration and the personal identity code

If you wish, you may request a Finnish personal identity code to be issued with your residence permit. In that case, the personal information in your passport, as well as your address, mother tongue and occupation, will be recorded in the Population Information System, which is Finland's national population register. If no residence permit is granted, no information will be recorded in the Population Information System, and you will not be issued with a personal identity code.

The 11-character personal identity code is based on your sex and date of birth (e.g. 300171-931H). You will need it when contacting the Finnish authorities. It will also make things easier for you when, for example, you contact a bank or your employer.

I request that my personal information be recorded in the Population Information System
