

## First-time application for a residence permit for students and doctoral students

Dossier number	Signature
----------------	-----------

Use this form if you want to apply for a residence permit for studies in Sweden as a citizen of a country outside of the EU/EEA and Switzerland. Most people must pay an application fee.

If you have been admitted to studies in Sweden, you must apply for a residence permit. This permit must be issued before you travel to Sweden. This applies if you are a citizen of a country with or without a visa exemption because as a rule, a residence permit cannot be granted when the applicant is already in Sweden.

You can find more information about residence permits for studies in Sweden and this form on our website: <http://www.migrationsverket.se/English/Startpage.html> If possible, complete the form using a computer. This makes it easier for us to process the case. **Remember to sign the application once you have printed it out.**
